MISSION ASSIGNMENT SCRIPT

MISSION ASSIGNMENTS DELIVERED BY AN AGENT

These are the scripts for your Special Agent to deliver Mission Assignments to the classroom. He should be in full F.B.I. attire as described in the *F.B.I. Handbook*. The scripts are simply intended to give helpful guidelines for the agent, but feel free to enhance, improvise, and make them your own.

EPISODE 4—CODE B—NAMES OF SATAN

Good morning, Recruits. I've stopped by today to inform you that we are in hot pursuit of the Most Wanted Criminal of all times. Alpha Command Center has decided to put all available manpower to work to help track down this villain before he does even more harm. If you see him, DO NOT attempt to approach him. He's armed and dangerous.

Your Mission, should you choose to accept it, is to search the official database (also known as the Bible) to uncover his many aliases or other names he's known to use. Explore your Mission packet to find and record these names. Return it next week to report your findings. Good luck, Recruits, and be careful!
