GAME TIME!

Get out two sets of stacking blocks, boxes, or anything that can be use to build a tower. Form two teams and race to see who can build the tallest tower in one minute. Repeat the game, allowing only 30 seconds to build. Then see which team can build the sturdiest tower or structure. Do not time this part of the competition. Talk about the importance of taking the time needed to do a job the right way. Thank God for “building” our lives as we obey Him.

Read Nehemiah 2:15-18. Discuss how Nehemiah examined the site that needed to be rebuilt around Jerusalem. Take a trip to a local construction site or go to a store where construction materials are sold. Talk about the needs of the construction workers and the amount of work required to build or rebuild a site. What different kinds of skills are needed? Pray for the safety of construction workers. If you are visiting a site where workers are on duty, take bottles of cold water to give away. Thank the builders for their hard work.
